PRODUCT DATASHEET

Bakery Tray / Food Production Container

Specifications

BUTTERFLY
PLASTIC

5157

Model	5157
External Size	500 x 340 x 120 mm
Internal Top	458 x 298 x 110 mm
Material	PP

Description

This tray measures 500 x 340 x 120 mm, deeper than the standard trays in this range. Internal usable area is 458 x 298 mm, with a 110 mm depth. It has solid walls, a flat rim, and ribbed base bands for added rigidity. Made from food-safe PP with a reinforced rib, it stacks and is washable.

This tray suits bakery and food production settings needing a deeper open tray. It works well for laying out or moving bulkier product through production. Stackability keeps it space-efficient between uses. The extra depth allows for taller or bulkier product than the standard trays.

Features

- Reinforced rib
- Stackable
- Washable
- Food-safe pp
