PRODUCT DATASHEET

Bread Crate / Ventilated Container

Specifications

Model	5563
External Size	555 x 480 x 162 mm
Internal Top	530 x 450 x 140 mm
Material	HDPE

5563

Description

This crate measures 555 x 480 x 162 mm. Internal usable space is 530 x 450 mm, with a 140 mm depth. It has a perforated grid-mesh base, two tall slotted end walls, and an open top. Made from food-safe HDPE, it is stackable and washable.

This crate suits bread and bakery product handling where airflow around the contents matters. It works well for cooling or holding freshly baked goods during transport and storage. The ventilated base and end walls support that airflow while the crate stacks for space-efficient storage.

Features

- Perforated grid-mesh base
- Ventilated end walls
- Stackable
- Washable
- Food-safe pp
