5588

Ventilated Stackable Storage Basket

Specifications

Model	5588
External Size	600 x 400 x 315 mm
Internal Top	525 x 360 x 300 mm
Internal Bottom	505 x 340 x 300 mm
Material	PP
Nest / stacking	125 / 295 mm

Description

The 5588 is a full-mesh rectangular storage basket sized 600 x 400 x 315mm, with drainage gaps at the base that let excess water clear instead of pooling, keeping stored items dry.

Turn it one way and it stacks, locking into the basket below for stable storage when full; turn it 180° and it nests down instead, collapsing your stack to save space when empty. Lightweight mesh construction keeps it fast and easy to carry.

A practical general-purpose storage basket for produce, laundry, or general household and warehouse use where ventilation matters.

Features

- Full mesh ventilation
- Drainage gaps at base
- Stack & nest (180° rotation)
- Lightweight, easy handling
- Washable
